

## Narragansett High School Senior Project Ethical Statement

---

I alone shall complete the research necessary for writing the paper component of the Senior Project.

I shall document my paper according to the MLA (Modern Language Association) format and follow the directions and examples set forth in the *Narragansett High School Research and Writing Handbook*, thus giving proper credit for intellectual property.

I shall include in my portfolio only work that I have created and completed myself.

I alone, with appropriate assistance from my mentor, shall do all the work necessary to complete my product.

I shall collect accurate verifications of the work I do with my mentor.

I shall honor all agreements made relative to the Senior Project.

Throughout the work on my Senior Project, I shall maintain the highest standards of moral and ethical conduct.

I shall strive for excellence.

I understand that integrity and honesty are vital parts of the Senior Project. Any proof that I plagiarized or was dishonest in any aspect of the Senior Project process may require the completion of an entirely new project. This may jeopardize my graduating with my class.

With full realization of the responsibility and commitment entailed, I am signing this document. I understand that if I fail to adhere to the stated standards, I shall face any applicable consequences outlined in the *Senior Project Manual*.
